"Ganesh Sir,

You are a great motivation to our students and year on year you inspired our young minds and trained them to be the best speakers. I witnessed the transformation in them when the student who never came up to the dais made his way to give best in the business model presentation and bag the medals. You are a true inspirer, a talented leader and most importantly a good human being with values. Thank you for sharpening leadership skills among our students who are running their startups now. Glad to know you."
